

How to Use Your Listing

Follow these steps to add your description to eBay.

1.What You Downloaded

You downloaded a ZIP archive

2.Open it — inside there are only two files:

listing.txt — your ready-to-use product description

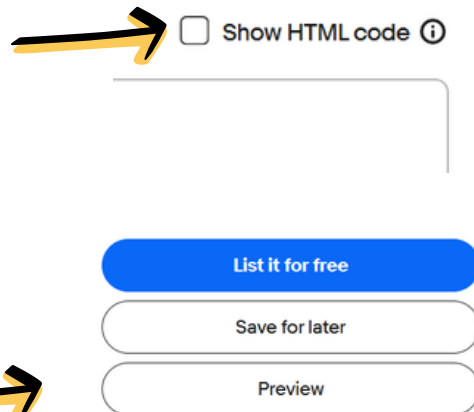

README.pdf — this guide

👉 You don't need to install anything. Everything is ready.

3.How to Paste It into eBay

- Open your eBay listing in edit mode
- Scroll to the Description section.
- Check the box labeled "Show HTML code"
- Open the file listing.txt
- Select all content (Ctrl + A)
- Copy it (Ctrl + C) and paste it into the description field on eBay (Ctrl + V)
- Save or preview your listing

Optional Services (optional, not required)

Available upgrades:

- | | |
|---|---------|
| • SEO keyword expansion — optimized title and search-focused wording | \$ 5.00 |
| • Photos in description — images placed between content sections | \$ 7.00 |
| • Image cleanup — background removal and basic enhancement (up to 3 photos) | \$ 5.00 |
